

# Healthcare IT That Does More Than Protect Your Platform. **We Grow With You.**

**BUILT FOR PE-BACKED HEALTHCARE.  
PROTECTION ACROSS THE FULL DEAL LIFECYCLE.**

Focus Health helps PE-backed platforms reduce friction and accelerate outcomes across the entire investment lifecycle.

From diligence to post-close to exit, we make IT an asset, not a liability.

We specialize in understanding the complexity of healthcare IT with scalable support, standardized systems, and growth-aligned models that scale with your platform without adding risk, overhead, or operational inefficiency.

We align IT to your deal strategy: minimizing risk, maximizing speed, and creating platforms that scale cleanly and exit even stronger.

**65% Faster**

Post-acquisition  
integrations across IT systems

**3x Quicker**

Multi-site growth vs. legacy MSPs

**100%  
Audit Ready**

All clients maintained audit  
readiness over 24 months

**1,500+** Clients  
Served

**1K+** Data  
Conversations

**15** Years in  
Business

## Our Results

Integrated **350+** users across 25+ third-party systems in just **90 days**

Migrated **11+** locations to Azure, while improving visibility and reducing downtime

Helped platforms **eliminate vendor sprawl** and improve infrastructure reliability

Delivered **2x clinic expansion** in under 12 months

## Who We Support

- PE-backed healthcare platforms (10 to 10,000 providers)
- 1,500+ medical organizations served
- Deep experience with 100+ EHR/PM Systems
- Preferred MSP for ModMed Clients

“Focus Healthcare Solutions was our top recommendation for unified MSP during a multi-practice merger evaluation. They outperformed three incumbent vendors in both value and healthcare expertise.”
